**Conversation team building**

**Build self-confidence**

**Understanding social situations**

**Understanding social cues and limitations**

**Cooperative projects**

**Problem solving**

**Joint attention**

**Emotional identification**

**1 to 3 Ratio**

**STEPS Center for Excellence in Autism** social skill program is a 4 week program for children age **Pre-school to 8<sup>th</sup> grade** on the Autism Spectrum. This group offers an opportunity for children to interact with their peers in a social based activity program that discusses practices and increases appropriate social skills

**STEPS** believes in the potential of each child that we work with. We understand it is our responsibility to believe in the children so they can, in turn, believe in themselves. Our goal at STEPS is to help each child reach their full potential; develop healthy self-esteem and self-efficiency.
